

October 25, 2019

The osteopathic community comes together with their community partners in February every year to celebrate Winterset. We hope you have this evening on your calendar and plan to be a part of this great event.

Through Winterset, the Osteopathic Founders Foundation continues the mission of the original founders by providing assistance to deserving institutions that fulfill the goals of providing healthcare and medical education in the Tulsa community. This year, we have selected the Tulsa Day Center Clinic as well as the Oklahoma State University Center for Health Sciences' Simulation Center as beneficiaries of your generosity. Your support of our event, will also benefit the future of our profession by providing scholarships to exceptional medical students at the OSU College of Osteopathic Medicine. Winterset FUSE will provide funds to these worthy organizations and individuals for the betterment of our community now, and for generations to come.

This distinguished event of the osteopathic profession will again be hosted at the beautiful downtown Hyatt Regency and provide you and your guests an evening filled with exceptional dining, outstanding and unique prizes, as well as music, dancing and celebration. Of course, it would not be Winterset without recognition and celebration of our 2020 Outstanding Physician. The 2020 honoree will join the prestigious group of osteopathic physicians who have been recognized for extraordinary contributions to their patients, our community and the osteopathic profession.

Please consider supporting Winterset, and our deserving beneficiaries by pledging your support now. We have enclosed a sponsorship card, or if you prefer, you may visit us at [www.wintersettulsa.com](http://www.wintersettulsa.com). We are once again expecting a sold-out event, and we want you, our patrons, to have the chance to pledge now and be a part of the premier seating.

Thank you for considering Winterset and we look forward to your presence on February 22, 2020.

Collegially,

Drs. Cyndi and Matt Wilkett

*Fuse – verb \ 'fyüz \*

*Definition of fuse 7: mixing together to combine into a whole to create an organic unity. Forming a close union without loss of individual identities.*
